

Perry Group Consulting and WG Advisory Services Partnership Announcement

WG Advisory Services Expands Delivery of encasedIT - Industry's First Cloud-based IT Management Portal

"A dynamic platform built on modern-cloud architecture"

10th January 2023 - Perry Group Consulting "Perry Group" are pleased to announce the expansion of their partnership with WG Advisory Services "WG" of Toronto, Canada.

Perry Group, based in Mississauga ON, are an industry leader in the delivery of technology and digital management consulting services to Canadian municipalities.

Commenting on this partnership, Ben Perry, President of Perry Group said "We are really excited to continue working with WG Advisory Services. The encasedIT solution enables Perry Group to complete comprehensive assessments of client technology environments, build IT strategies, and now gives clients the ability to manage and monitor progress against their IT strategic objectives year over year."

WG has a unique offering, delivered within a single pane of glass dashboard, that helps organizations with various disparate disciplines, including IT strategic planning, business continuity and disaster recovery planning, cybersecurity programs, IT skills assessments, and data management maturity.

The integration provides organizations of all sizes unprecedented visibility and control of their IT environment.

Dynamic graphs illustrate trends and baselines, allowing senior management to access high-level scorecards by simply selecting the desired data point. IT management can dig deeper by accessing detailed reports outlining the results of technology assessments and recommendations and can demonstrate their progress against strategic goals and initiatives. Accessing the desired information has never been easier.

"We're excited to expand the delivery of the encasedIT portal to Perry Group as a continuation of our strong partnership. Ben and team have an impressive track record in the municipal space, and their focus on customer service aligns perfectly with our corporate philosophy" stated Gary J. Walker, Partner at WG.

WG Advisory Services continues to revolutionize the IT consulting industry with a dynamic platform built on modern-cloud architecture and flexible infrastructure. encasedIT integrates and displays assessment data to strengthen IT operations while providing a seamless user experience.
